

Congratulations!

You are invited to join the VPAC
Production Team!

This team will consist of dancers of all ages who have displayed a significant level of talent and showmanship during regular classes. In observing your performance throughout the year, your hard work, dedication, strong ability, and overall performance have been noted.

As a member of the Production Team, you will attend a weekly one-hour session to learn and rehearse choreography for 2 special production numbers, which will be performed at both recitals. You will also get the chance to travel to a regional dance competition around the St. Louis area with the Competition Team to compete for top prizes in your division.

This is a great opportunity that I hope you will take advantage of. By joining, you will expand your dance knowledge and capabilities as well as get the chance to interact with dancers of other ages and divisions. It is a privilege to be recognized for something so great.
